ROLAGS 2 Standards Committee Conflict of Interest Policy

In an effort to maintain fair representation among its participants, the ROLAGS 2 Standards Committee has adopted the following policy:

No business enterprise or affiliated business enterprise can be represented by more than one participant at any one time. While more than one person from a business enterprise or any of its affiliated business enterprises may attend and contribute to ROLAGS 2 Standards Committee meetings, each business enterprise/affiliated business enterprise combination will be allowed one vote only.

I have read and understand the policy and verify that I represent only the entity under which I have entered my membership. Should such status change, I will notify the secretariat immediately.
